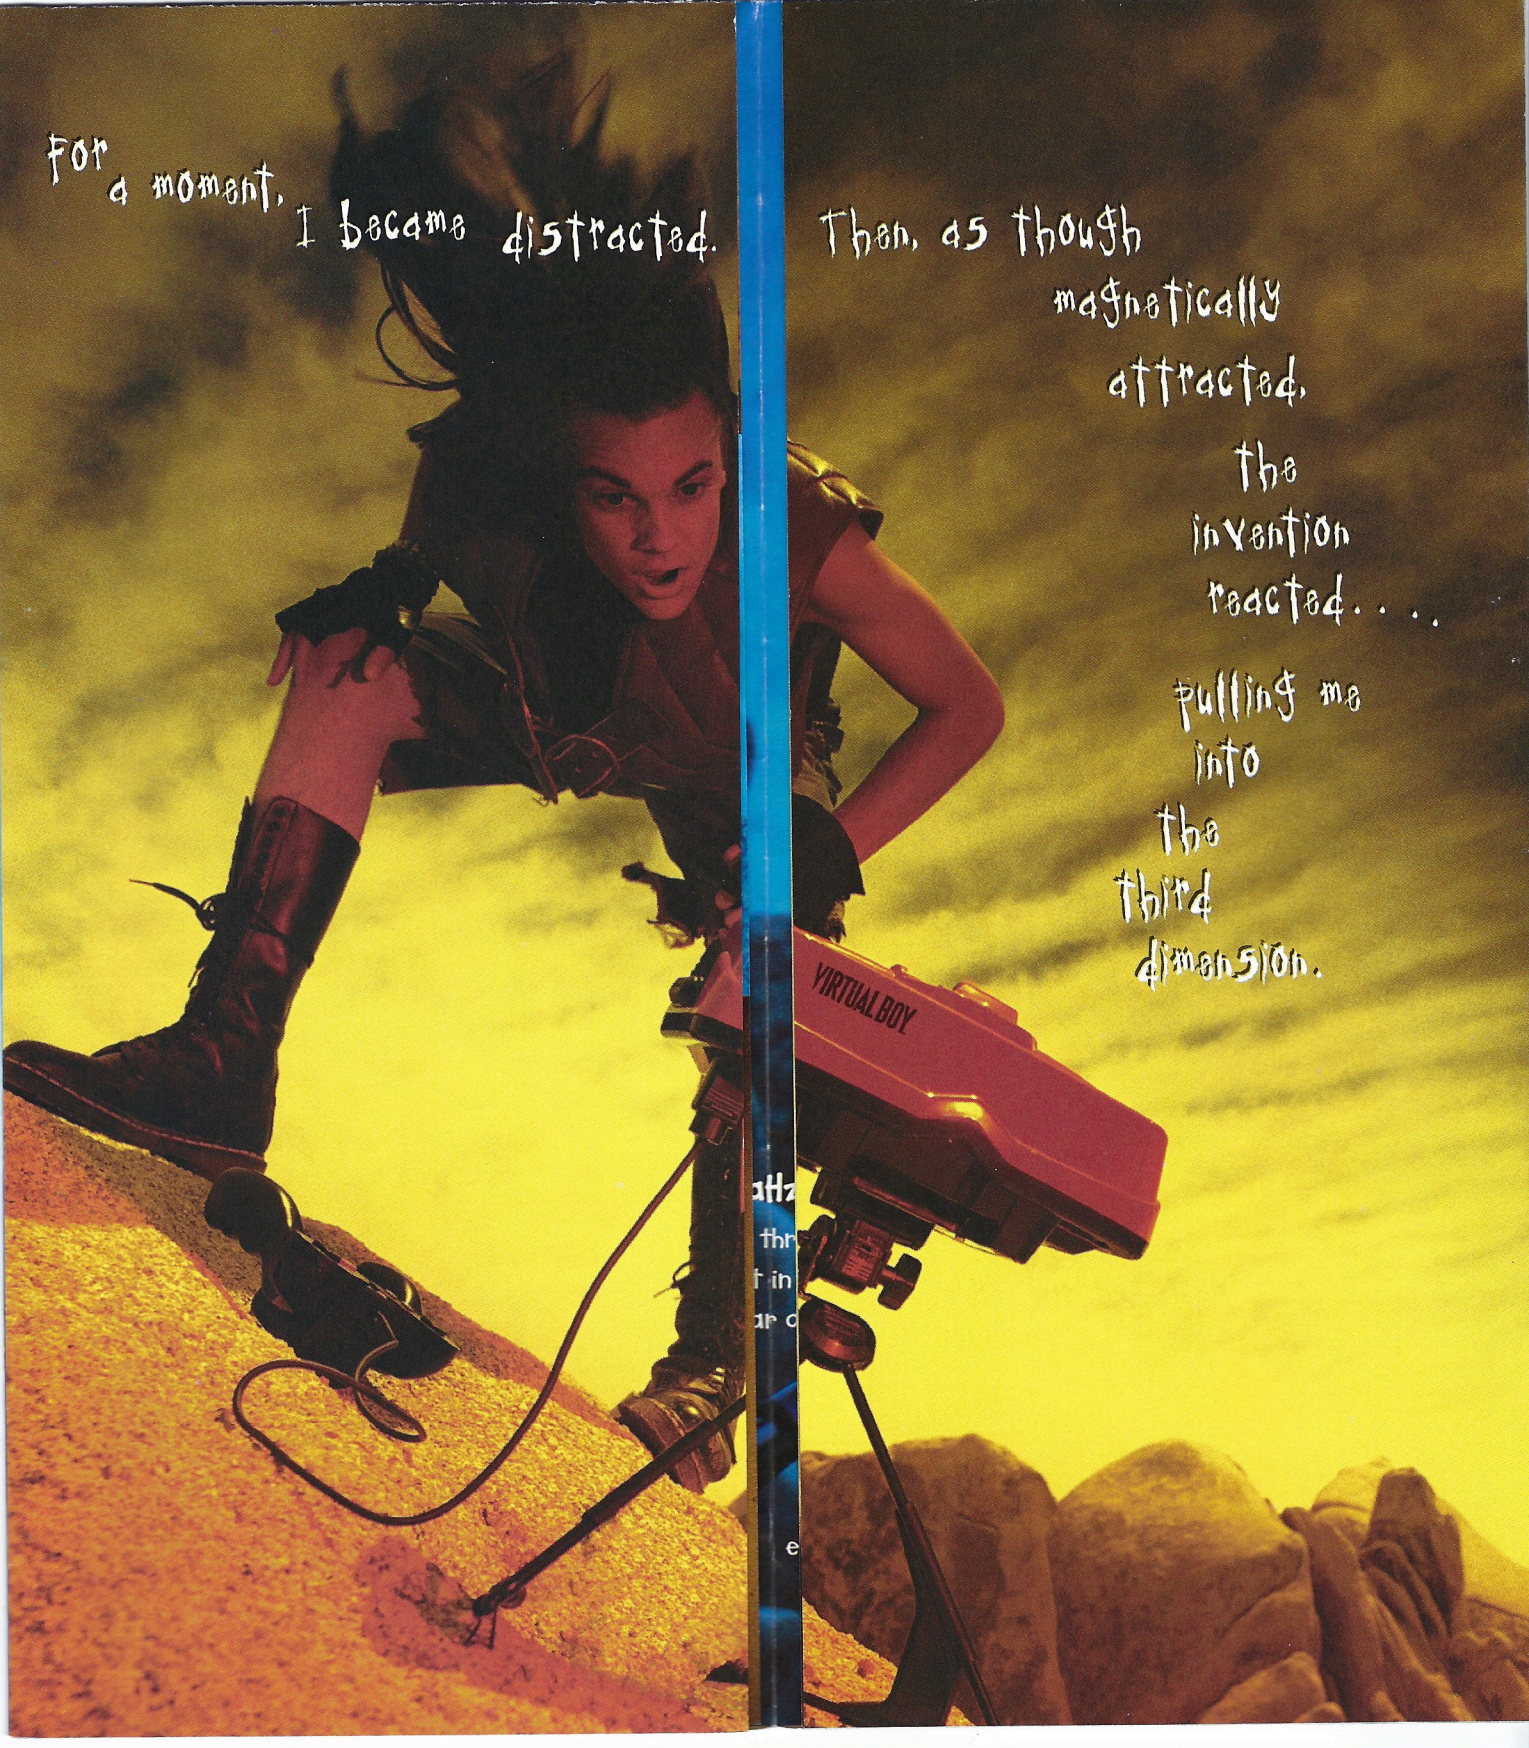
It came from a new dimension, a third dimension, a good dimension.
VIRTUAL BOY
Nintendo



For a moment, I became distracted.
Then, as though magnetically attracted, the invention reacted....
pulling me into the third dimension.
VIRTUAL BOY

Was this their intention? To crash my dimension?

Wrap-Around Viewer

Immerse yourself in the game by eliminating outside distractions. The only way someone could block your view on this one is if they crawled up inside your eyeball.

Individual Adjustability

It's your game, and we want it to fit just right for each individual player. Customize your Virtual Boy™ system and play your best game.

32-Bit Processing

We took one fat bit, multiplied that sucker by four, squared it, and then doubled the entire rotten bunch of 'em, all just for you.

True 3-D Graphics

Three-dimensional high-resolution graphics so detailed and clear you'll swear you could reach out and grab them.

Sound

Digital stereo speakers so crystal clear and intense, just playing once will dislodge years of pesky earwax buildup.

Advanced Double Grip Controller

During testing, some of the lab rats suggested we develop a double grip controller to improve game play performance. The rats loved it and so will you.

Speed-20 Megal

Virtual Boy™ rips t graphics so fast that states they make you wear seat belt just to play it.

Two High-Resolution Displays

Two high-res displays, one for each eyeball. 'Cause to create a true 3-D experience, you have to give both of your peepers a clear view of what's goin' on.

3-D Technology at an Affordable Price

The third dimension will blow your mind... not your pocketbook.

Portability

(batteries not included)

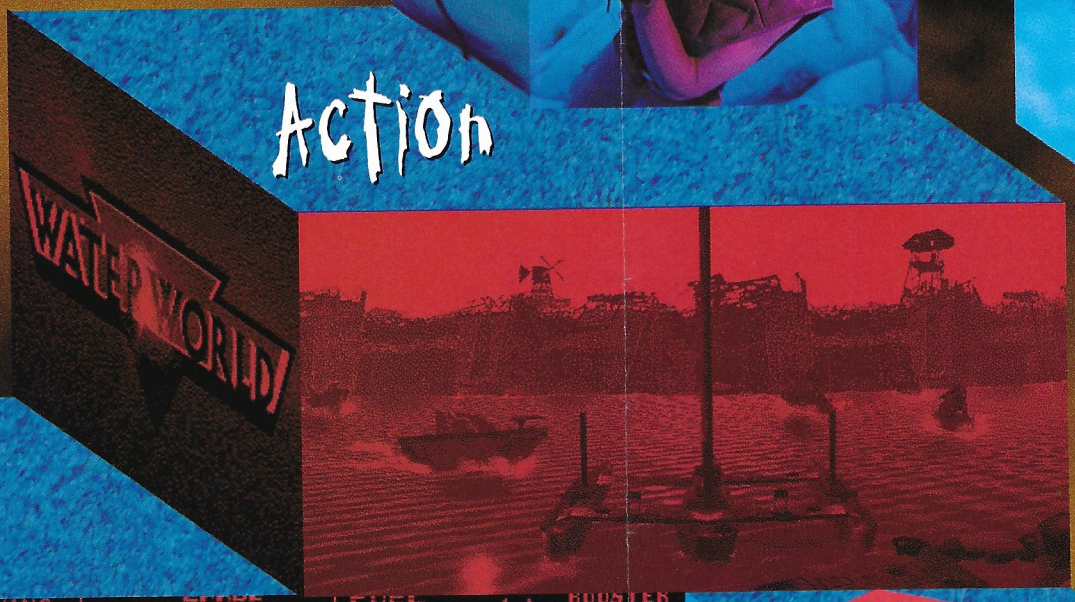
Once you play your Virtual Boy™ system, you'll realize why we made it portable... It's just too darn cool to leave at home.

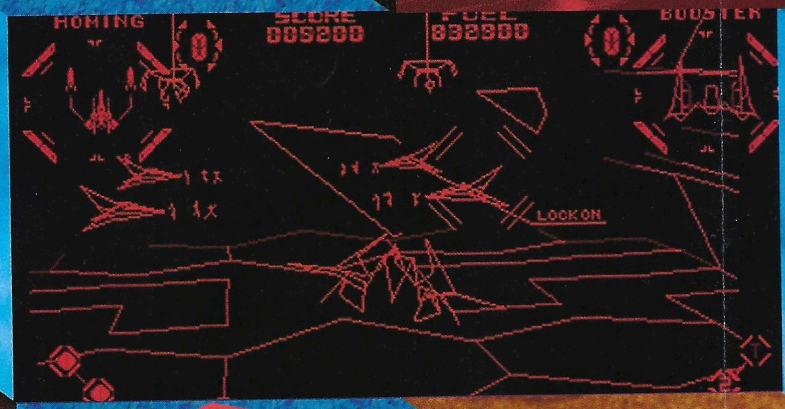
AC Adapter

(sold separately)

Your batteries are fried, and you're one level away from video game nirvana. Don't blow it because you ran out of juice. Plug it in and play on!

Action





Mario Clas

Keep a buddy close by you play this one, in co need a hug or somethi support. Watch out Koopas, the Big Boo, and various other de and social misfits

Waterworld™

Bands of renegade jet skiers are wreaking havoc on the high seas. Lead your platoon against them. Intense over-the-shoulder perspective and 3-D thrills create a virtual rush you've never experienced before.

Red Alarm™

A highly advanced weapons system known as "KAOS" has its armies poised to assault Earth. Pilot your Tech-wing fighter through a hostile 3-D environment as you attempt to save all of humanity.

Teleroboxer™

I peered into the invention,
and heard a voice say, "Turn it on Virtual Boy.™"
A 3-D game for a 3-D world.

lash™

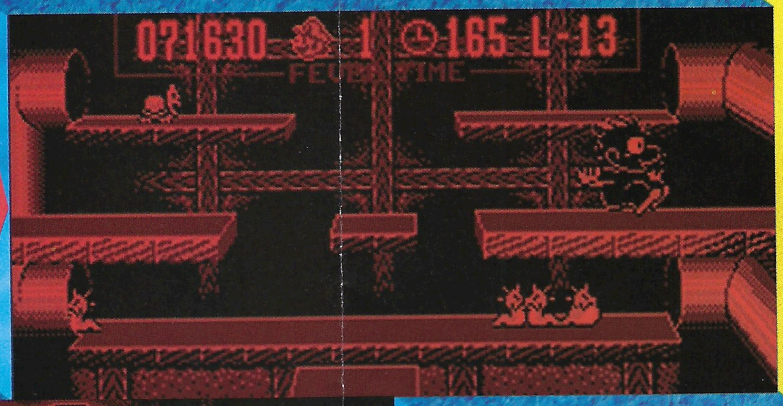
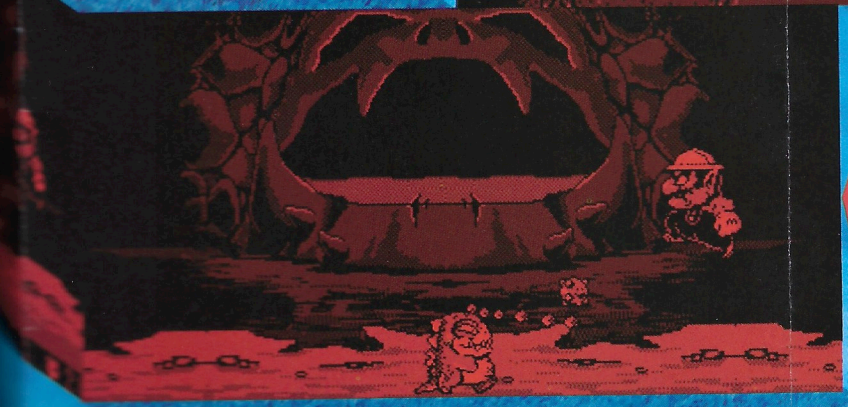
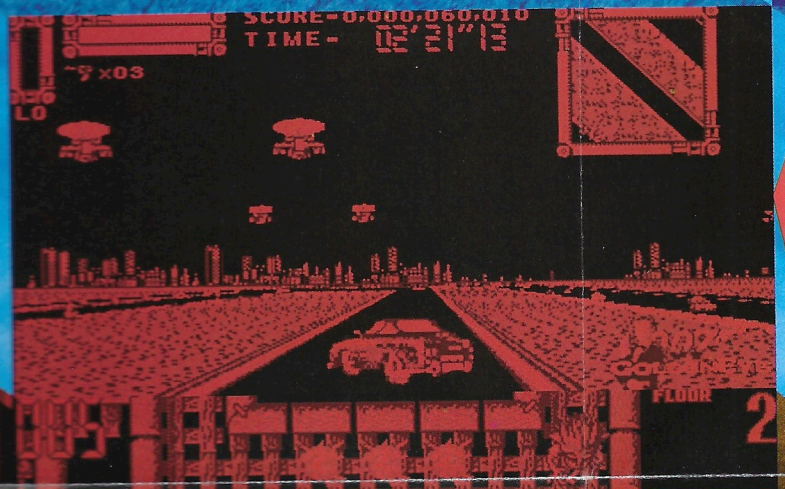
Adventure





Wario Cruise™

Wario was traveling the Amazon River when he found a secret cave filled with treasures. But he also found an underground prison that he now is stuck in. Help Wario escape with his life and the loot.



GoldenEye™

If you thought rush-hour traffic was a nightmare, wait 'til you get behind the wheel of 007's car. Avoid obstacles and blow the other cars away. Buckle up for safety because, in this game, you never know what's gonna happen.

attempt to save all of humanity.

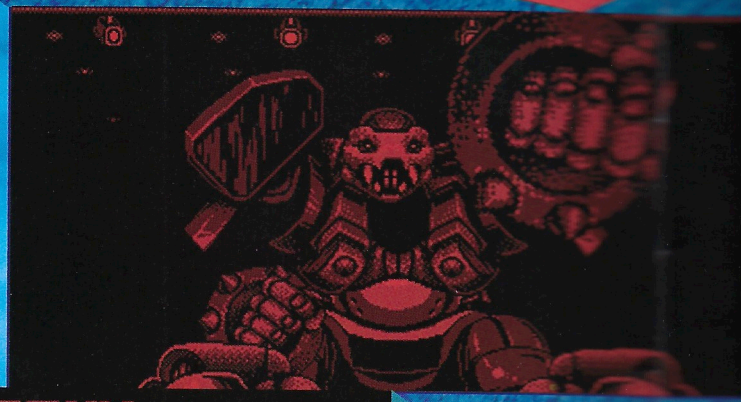
Teleroboxer

It's the 22nd century, and you control highly advanced robotic boxers that love to beat the crap out of each other. No matter which way you turn, those big galoots are still in your face.

Sports

Virtual League Baseball™

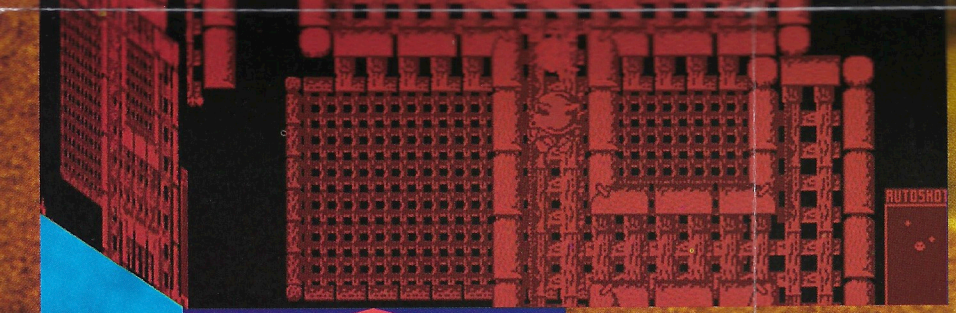
Get ready for 3-D hardball action so real you can smell the hotdogs. Face off against 18 international all-star teams or battle it out against a friend using the Virtual Boy Game Link® cable (sold separately, coming soon).



Mario's Tennis™

(included with hardware)

Mario and friends step onto the court for some vicious tennis– Nintendo style. Lob, smash and volley through opponent after opponent. The more you play, the harder your opponents become.



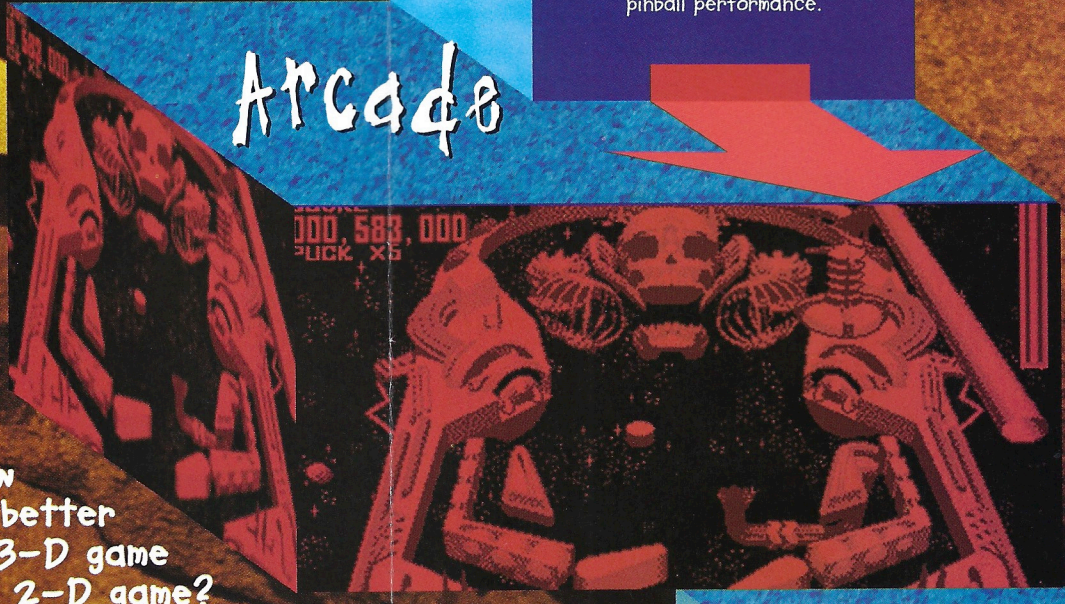
Jack Bros™

Help the Jack Bros. race home through 3-D mazes filled with enemies, traps and puzzles. Find the missing keys to open up the secret doors that lead to the next maze. Don't be caught out after midnight!

Galactic Pinball™

Prepare to enter the Milky Way for a spacey pinball experience like no other. Cool 3-D environments and four totally different games put you into a dynamic world of powerful pinball performance.

Arcade



How much better is a 3-D game than a 2-D game?

That's easy. It's 1-D better. One big, fat, honkin' dimension that makes all the difference in the world. 'Cause with a 2-D game you can only go left, right, up or down, but with a 3-D game you can go back ways and sideways, up ways and down ways, slant ways and around ways and any which way you can think of. Sound cool? Well, before you answer just remember that your enemies can go all those directions too.

For Game Rating Information call 1-800-771-3772.

Does your Virtual Boy™ system need a little "me-time"?

For any technical question, service problem or warranty info, call our **Customer Service Department** at **1-800-255-3700**. It's open Monday through Saturday, from 4 a.m. to midnight and 6 a.m. to 7 p.m. Sunday, Pacific Time.
